

## FAITH TOCCO, ASSISTANT COACH

Faith has always loved the water and began swimming at a young age. Her swimming roots began on the southside of Indy swimming with the Greenwood Gators and the Center Grove Aquatic Club. From there, Faith was grateful to continue her swimming journey through college on scholarship while pursuing her RN & BSN at Campbellsville University (KY). While there, Faith made the MSC All-Conference x3, NAIA Scholar Athletics Team x3, was named a CSCAA All-American twice, and contributed to school records in the 200 & 400 medley relays and the 400 & 800 freestyle relays.

After a short break of swimming after college Faith joined Indy Aquatic Masters in March 2021, and has loved it ever since. Since Faith's time with IAM, she has attended a few Swimcations, made several friends (which she calls her swim family), set a couple team records, was named to the All-American/USMS Top-10 in several events, qualified and swam at several nationals meets, and even became a national champion in the LCM 400M freestyle in 2021! Additionally, she recently planned and hosted her first meet (the GRIN pentathlon) and social banquet (in January of 2024).

Faith has thoroughly enjoyed serving IAM as the social media coordinator since March of 2022, and looks forward to her new role as a Coach (2024)! Outside of IAM, Faith works full-time as a pediatric home health nurse, recently got married this summer (7/2024) to her wonderful husband Andrew Tocco. The two live together in Whitestown with their two cats Captain and Leo. Faith is thankful to be a part of the IAM Program, and family. It is a pleasure giving back to a team and a sport that has given so much to her.
